Dinner Arrangements

We will all sit down and be served together, so there is no need to book timed slots. We will sit down at 7.00 p.m.

Additional Dinners

For any of the nights where non-residential Members would like to dine, the meal cost will be £40.00 per person for a three course dinner including hot drink. This is to be paid to the Society during the Weekend, as the Imperial will bill the Society for all additional dinners.

Additional Nights

You can book additional nights around the Weekend, as many Members choose to do. The Hotel will be able to offer additional nights to those wishing to stay, keeping people in the same room where possible. This will be at the same charge as listed above.

Location

The Imperial Hotel is just up the road from the Park Hotel. The simplest way to access the car park is to continue past the Park Hotel, bear left at the mini-roundabout, then turn right into the Imperial Hotel. There is parking in front of the Hotel, and out the back.
