

The Society Tour of the Ypres Salient Battlefield July 1992

Paul Reed and Brian Fullagar, organisers of this tour produced such an excellent 'Tour Booklet' for those members taking part, that it seemed to your editor that this deserved a wider circulation amongst the general membership, so all the items, other than organisational details, are reproduced on the following pages, and are followed by John Gregory's personal recollection of the tour itself.

This photograph of HW was found by Stephen Francis-Clarke in a copy of *The Bookman* (June 1930) containing a review of *The Patriot's Progress*.
